

## REMARKS

Claims 1-4, 8 and 9 are currently pending in this application. It is gratefully acknowledged that Claims 1-4 are allowed. Claims 5-7 and 10 have been cancelled without prejudice.

In the Office Action, the Examiner objected to drawings under 37 CFR 1.83(a) because the lug unit details, as set forth in amended Claim 5, do not appear to be shown in the drawings and objected to the specification because the structure of Claim 5 does not appear to be described in the specification. In addition, the Examiner objected to Claim 5 because of the informalities. Claim 5 has been cancelled without prejudice. Therefore, it is respectfully requested that the objections to drawings, the specification and Claim 5 have been rendered moot.

In the Office Action, the Examiner objected to Claim 1 because of the informalities. As indicated above, independent Claim 1 has been amended to correct from “protruded at” to “protruding from”. No new matter has been introduced by this amendment. Accordingly, it is respectfully requested that the objection to Claim 1 be withdrawn.

In the Office Action, Claims 5-10 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement because some of the subject matter of Claim 5 concerning the arrangement of the lugs does not appear to be described in the specification. Also, the Examiner rejected Claims 5-10 under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention because Claim 5 is indefinite. Claim 5 has been cancelled without prejudice. Therefore, it is respectfully requested that the rejections to Claims 5-10 have been rendered moot.

In accordance with the finding of allowed subject matter in Claims 1-4, all of the pending claims, i.e., Claims 1-4, 8 and 9, are believed to be in condition for allowance and issuance of a notice of allowance is respectfully requested. The Examiner is requested to contact the

undersigned if there are any questions regarding this communication.

In the event the Commissioner of Patents and Trademarks deems additional fees to be due in connection with this application, Applicant's attorney hereby authorizes that such fee be charged to Deposit Account No. 50-4054.

Respectfully submitted,
